**Get Glowing this Winter**

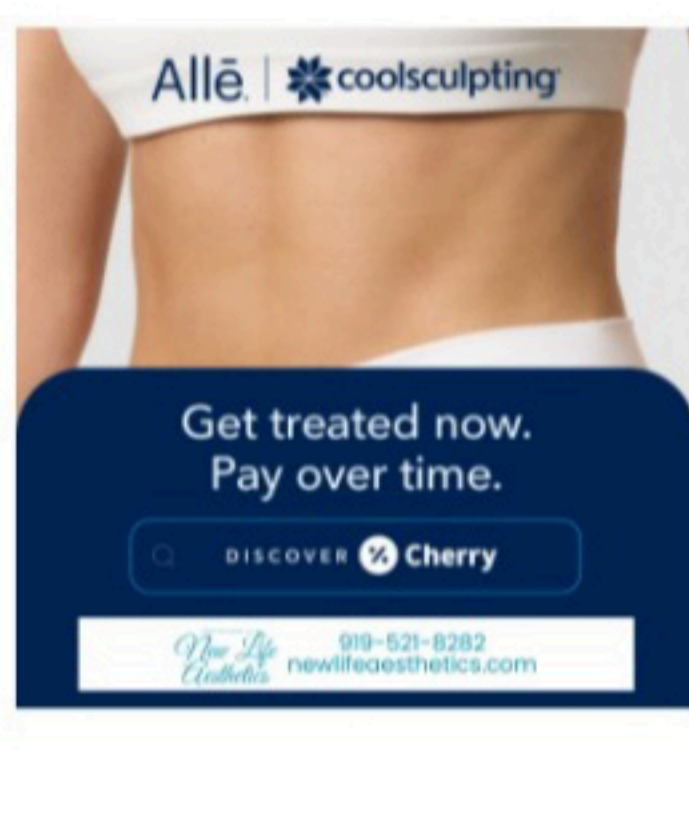

It's the perfect time to prioritize your skin and get the benefits of laser treatments. Starting your laser treatments now allows you to complete multiple sessions over the cooler months, so your skin is ready to shine by spring and summer. Whether it's smooth skin or a clearer complexion, you'll be glowing just in time for warmer weather. We see optimum results with the combination of Halo and BBL. Both are customized to even out skin tone, improve texture and decrease fine lines and wrinkles. Halo stimulates new collagen production and tightens skin. Both treatments target dark spots and pigmentation. Call today for your appointment at 919-521-8282 and get a head start on fresh, glowing skin for the holidays and beyond.
