Full Face Rejuvenation

Put your best face forward in 2025! We are excited to share these beautiful before and after results of a full-face restoration. Meredith used Juvederm Volux in the lower face to help lift and define the jawline. It reduced sagging in the jowls and contoured the chin. Voluma was used in the mid-face to restore youthful volume for a natural rejuvenated appearance. Volbella enhanced the lips for a subtle plumpness. Meredith then used SKINVIVE to soften the lines above the upper lip. SKINVIVE works from within to increase hydration and improve texture and smoothness in the area. Start the year off with confidence and call us today for your consultation 919-521-8282.

Lower Face Restoration

SkinTyte™
 BEFORE & AFTER

Just in time to rock those New Year's fitness goals, SkinTyte is a non-invasive solution to redefine your abdomen. For many, the abdomen is a key focus area when it comes to improving skin firmness. Factors like weight fluctuations, pregnancy, and aging can leave the skin on the stomach looking lax or uneven. SkinTyte is designed to improve the appearance of loose or sagging skin. Using advanced infrared light technology, SkinTyte delivers gentle yet powerful heat to the underlying layers of the skin, stimulating collagen production. The result? Firmer, tighter, and more youthful-looking skin without the need for surgery. These awesome results are after six SkinTyte treatments. Call today for your appointment 919-521-8282.

Exciting News! Your support of our small business throughout 2024 enabled us to donate to 12 non-profit organizations across the triangle. We are proud to start 2025 off by highlighting and contributing to The Women's Center of Wake County. Their mission is to provide stability and housing to single women experiencing homelessness. By offering compassionate support and solutions, The Women's Center empowers women to rebuild their lives and achieve lasting independence. This January, join us in supporting this incredible organization and their vital work in our community. Together, we can start the year off right and help make a difference!
