

INTRODUCING SCULPTRA®

Activate your skin's natural power to produce collagen with Sculptra! We are excited to introduce Sculptra as our newest treatment here at New Life Aesthetics.

As we age, collagen production diminishes, and our skin doesn't have the same resiliency and fullness it once did. Sculptra works with your body to stimulate collagen production lost to aging. It's made with a poly-L-lactic acid (PLLA), a collagen stimulator which helps restore the deep, underlying structure of the skin to diminish facial wrinkles for a more youthful appearance. It helps to rebuild and reinforce your skin's structural foundation. Through a series of treatments, it restores the support and volume of youthful looking skin. Sculptra provides gradual results that can last up to two years. Call today for your appointment 919-521-8282.

VIVACE ULTRA™

UNIFORM RF MICRONEEDLING

MELEDDITH BARRIN, M.D., M.P.H.
New Life Aesthetics

We are now scheduling for treatments with our new Vivace Ultra RF Microneedling device. It's a safe Summer skin treatment, combining two technologies in one state-of-the-art machine. Integrated ultrasound allows for a customizable treatment, as it determines the optimal needle depth for superior results. Vivace Ultra targets the tone, texture and overall skin quality. The updated needle sets allow for smaller, more precise areas as well as larger areas of the body. Vivace Ultra alleviates fine lines and wrinkles while tightening the skin. If desired, Vivace Ultra can also target fat while simultaneously tightening. There's minimal or no down time and results can be seen immediately. Call us today to book your appointment 919-521-8282.

Vivace Ultra

Skin Quenching

Quench your skin and save this Summer with our HydraLite Moisturizer. It's a lightweight, oil-free moisturizer that effectively hydrates, replenishes and restores the skin. It won't leave the skin feeling greasy or shiny. It's 20% off this month. HydraLite Moisturizer is filled with super Antioxidants, Green Tea, and Acai to protect the skin's natural moisture barrier. The Niacinamide works to visibly improve large pores, uneven skin tone, and dullness. Call today for your HydraLite 919-521-8282.

HydraLite Moisturizer

EZGEL

Three days after one treatment of EZGEL. Three treatments are recommended for best results.

New Life Aesthetics

Say goodbye to tired eyes and hello to bright eyes with EZGEL. This is a 100% natural process using the body's own powerful proteins instead of relying on manufactured components. It's perfect for volume enhancement, symmetry adjustment, and skin rejuvenation. EZPRF and albumin are combined for radiant, natural-looking results. For this client, you can see incredible results three days after injections, however, over time PRF creates healthy tissue that will replace early volume in the treatment. EZGEL reduces the appearance of fine lines and wrinkles and plumps the under-eye hollows. It also corrects darkness under the eyes and it restores definition. Call us today for your appointment 919-521-8282.

EZGEL

Don't Sweat It!

Feel confident this Summer with Botox for hyperhidrosis. Botox can be injected in the armpit to combat excessive sweating. Hyperhidrosis is a disorder in which the sweat glands become overactive. The result is excessive perspiration that is not associated with exercise, temperature or any other typical triggers. Botox works by blocking the nerve signals that instruct the sweat glands to become active. It takes several days for the Botox to take effect and can last between three to six months. Call today to book your appointment 919-521-8282.

SkinVive Coming Soon!

We are always on the cutting edge of new, safe treatments here at New Life Aesthetics. Coming soon, we'll be offering SkinVive! This is the first and only hyaluronic acid microdroplet injectable gel to improve skin smoothness in the cheeks. SkinVive hydrates from within and leaves your skin with a beautiful, lasting glow. It works beneath the skin's surface to improve overall skin quality and it's perfect for all skin types. You'll see continuous improvement over six months. Stay tuned for more exciting information on SkinVive!

Kindness Always Counts

Families thriving together in safe, affordable housing is the mission of this month's non-profit. Please join us in supporting Families Together. This organization assists families with children as they transition from homelessness to sustainable housing and stable homes. Through advocacy and direct support, Families Together, assists families and guides them with knowledge, skills and connections to resources. This helps them establish long term success. Please click the link below to see how you can donate or volunteer.
