Illuminate

DESCRIPTION

Discover the secret to luminous, even-toned skin with this innovative skincare solution. This specially crafted formula harnesses the power of advanced ingredients to target pigmentation concerns, leaving the complexion brighter, smoother, and more youthful. Experience the transformative benefits of this synergistic blend, as it works to unveil the skin's natural radiance. Say goodbye to uneven and dull skin tone!

BENEFITS

- ✓ Helps improve the appearance of dark spots and other discolorations
- ✓ Promotes a more even complexion
- ✓ Reduces the appearance of fine lines and wrinkles
- ✓ Helps control and fade dark spots
- ✓ Contains potent antioxidants to protect the skin
- ✓ Evens patchy skin tone & brightens
- ✓ Visibly improves the lingering redness and discolorations associated with post-acne marks
- ✓ Hydroquinone-free formula

DIRECTIONS FOR USE

- Apply to a clean, dry face or any affected areas. To start, limit initial use to three times per week; gradually increase frequency to up to twice per day, or as recommended by your provider. In the morning, use a broad spectrum sunscreen.
